A

Page

Addison's Disease—The Nature of the Pigmentary Disturbance in, by B. Hudson and G. A. Bentley 98

Aldosteronism, Primary, by B. Hudson, A. J. Barnett and J. Bornstein 250

Amyloidosis, Primary Systemic, by L. Lazarus.. 116

Archer, G. T., and McGovern—The Pathogenesis of Ulcerative Colitis 68

B

Banks, N. P., and Lancaster—Normal Values for the Red Cells in Australia 113

Barnett, A. J., Hudson and Bornstein—Primary Aldosteronism 250

Bentley, G. A., and Hudson—The Nature of the Pigmentary Disturbance in Addison's Disease 98

Beveridge, J.—Endocardial Fibroelastosis .. 155

Billington, B. P.—A Note on A B O Blood Group Distribution in Carcinoma of the Œsophagus and Cardia 56

Blacket, R. B., *et alii*—Mucoid Impaction of the Bronchi 16

Blood Group Distribution, A B O, A Note on, in Carcinoma of the Œsophagus and Cardia, by B. P. Billington 56

Blood Groups and Disease: Pulmonary Tuberculosis, by O. Kooptzoff and R. J. Walsh .. 53

Bolliger, A., and Gross—Uric Acid and the Uricase-Resistant Residue in Renal Insufficiency 64

Bonnin, J. A.—Studies of Platelet Function as a Guide to the Severity of Thrombocytopenic Purpura and the Possible Mechanism of Purpura and Hæmorrhage 196

Bornstein, J., *et alii*—
Hypoglycæmic Sulphonamides in the Management of Diabetes Mellitus 105
Primary Aldosteronism 250

Brading, I., *et alii*—Hæmoglobin as a Source of Iron in Nutrition: The Absorption of Iron from Fe^{59}-Labelled Hæmoglobin by Rats .. 247

Bright's Disease, Chronic—The Lead Content of Bone in, by D. A. Henderson and J. A. Inglis.. 145

Bronchiolitis, Acute—The Pathology of—A Study of its Evolution. Part II. The Repair Phase, by K. H. McLean 29

C

Carcinoma of the Œsophagus and Cardia (*see also* Blood Group Distribution, A B O).

Caughey, J. E.—The Ætiology of Pituitary Tumours: The Role of Hypogonadism and Hypothyroidism 93

Page

Cirrhosis of the Liver with Ascites (*see also* Sodium Retention).

Coats, D. A., Trautner and Gershon—The Treatment of Lithium Poisoning 11

Colitis, Ulcerative, The Pathogenesis of, by V. J. McGovern and G. T. Archer 68

Corrigendum 87

D

De Motu Cordis: Cellular Physics and Chemistry, by W. V. Macfarlane 269

Derrick, E. H.—The Challenge of North Queensland Fevers 173

Diabetes Mellitus—Hypoglycæmic Sulphonamides in the Management of, by E. Downie, J. Bornstein and B. Hudson 105

" Diamox " (*see also* Sodium Retention).

Doherty, R. L.—An Epidemic of Primary Atypical Pneumonia in North Queensland .. 189

Doig, A., and Hudson—Observations on the Nature of Hormone-Induced Eosinopenia .. 228

Downie, E., Bornstein and Hudson—Hypoglycæmic Sulphonamides in the Management of Diabetes Mellitus 105

E

Emphysema—
Generalized Pulmonary, The Histology of, by K. H. McLean—
I. The Genesis of the Early Centrolobular Lesion: Focal Emphysema .. 124
II. Diffuse Emphysema 203
Localized—The Histology of, by K. H. McLean 282

Eosinopenia, Hormone-Induced—Observations on the Nature of, by B. Hudson and A. Doig .. 228

F

Fevers, North Queensland—The Challenge of, by E. H. Derrick 173

Fibrinolytic Factor, Circulating—Autoerythrocyte Sensitization with a, by C. S. H. Reed and B. G. Firkin 58

Fibroelastosis, Endocardial, by J. Beveridge .. 155

Firkin, B. G., and Reed—Autoerythrocyte Sensitization with a Circulating Fibrinolytic Factor 58

G

Gardiner, J. M.—Phonocardiography in the Assessment of Mitral Valve Disease 318

Garven, A.—Toxoplasmosis: The Diagnosis of Clinical and Latent Infection in Australia .. 141

George, E. P., *et alii*—Hæmoglobin as a Source of Iron in Nutrition: The Absorption of Iron from Fe^{59}-Labelled Hæmoglobin by Rats .. 247

Gershon, S., *et alii*—The Treatment of Lithium Poisoning 11

Glasgow, G. L.—A Case of Amaurotic Family Idiocy with Lipid Storage Disease of Bone.. 295

Glycogen Storage Disease with Unusual Renal Lesions: Report of a Case with Autopsy and Enzyme Studies, by S. Posen 238

Gross, R., and Bolliger—Uric Acid and the Uricase-Resistant Residue in Renal Insufficiency 64

H

Hæmoglobin as a Source of Iron in Nutrition—
- Absorption, The, of Iron from Fe^{59}-Labelled Hæmoglobin by Rats, by I. Brading, I. Kaldor and E. P. George 247
- Some In-vitro Experiments, by I. Kaldor .. 244

Hæmophilia, Mild—A Clinical and Laboratory Study, by W. R. Pitney 44

Harvey, C., *et alii*—Mucoid Impaction of the Bronchi 16

Hay, D. R.—Electrocardiographic Changes in Treated Hypertension 311

Hecker, R.—The Mechanism of Sodium Retention in Cirrhosis of the Liver with Ascites: The Effect of Acetazolamide ("Diamox") on Urinary Electrolytes 75

Henderson, D. A., and Inglis—The Lead Content of Bone in Chronic Bright's Disease 145

Hercus, C. E.—Observations on Thyroid Studies in New Zealand 5

Hetzel, B. S., *et alii*—A Comparison of the Early Metabolic Effects of Tri-iodothyronine and Hydrocortisone in Man 218

Hudson, B.—
- And Bentley—The Nature of the Pigmentary Disturbance in Addison's Disease 98
- And Doig—Observations on the Nature of Hormone-Induced Eosinopenia 228
- *Et alii*—
  - Hypoglycæmic Sulphonamides in the Management of Diabetes Mellitus 105
  - Primary Aldosteronism 250

Hydrocortisone (*see also* Tri-iodothyronine).

Hypertension, Treated — Electrocardiographic Changes in, by D. R. Hay 311

I

Idiocy, Amaurotic Family, with Lipid Storage Disease of Bone, A Case of, by G. L. Glasgow 295

Impaction, Mucoid, of the Bronchi, by C. Harvey, R. B. Blacket and J. Read 16

Inglis, J. A., and Henderson—The Lead Content of Bone in Chronic Bright's Disease 145
